Attorneys for Plaintiff

UNITED STATES DISTRICT COURT

NORTHERN DISTRICT OF CALIFORNIA – OAKLAND DIVISION

DOMINIQUE RIOUX,

Plaintiff,

v.

Equifax, Inc.; Bank of America, National  
Association and DOES 1 through 100  
inclusive,

Defendants.

CASE NO.

COMPLAINT FOR DAMAGES:

1. Violation of Fair Credit Reporting Act;
2. Violation of California Consumer Credit Reporting Agencies Act;

COMES NOW Plaintiff DOMINIQUE RIOUX, an individual, based on information and belief, to allege as follows:

**INTRODUCTION**

1. This case arises under the Fair Credit Reporting Act, 15 U.S.C. § 1681s-2(b) and the California Consumer Credit Reporting Agencies Act, California Civil Code §1785.25(a). Plaintiff seeks redress for the unlawful and deceptive practices committed by the Defendants in connection with their inaccurate, misleading, or incomplete reporting of Plaintiff's debt included in Plaintiff's Chapter 13 bankruptcy.
2. The United States Congress has found the banking system is dependent upon fair and accurate credit reporting. Inaccurate credit reports directly impair the efficiency of the

1 banking system, and unfair credit reporting methods undermine the public confidence,  
2 which is essential to the continued functioning of the banking system.

- 3 3. There exists today in the United States a pervasive and fundamental misunderstanding  
4 about the long term impact filing a consumer bankruptcy has on a consumer's credit  
5 worthiness. Specifically, many consumers believe that because a bankruptcy can be  
6 reported on their credit report for ten years their credit worthiness will be ruined for the  
7 same length of time. This is not true.
- 8 4. The *majority* of consumer Debtors who file consumer bankruptcy do so to *raise* their  
9 FICO Score and remedy their poor credit worthiness.
- 10 5. It is entirely possible for consumer Debtors to have over a 700 FICO Score within as  
11 little as 12 months after filing a consumer bankruptcy (Chapter 7 or Chapter 13).
- 12 6. Creditors and lending institutions are aware of the misconception that filing a consumer  
13 bankruptcy destroys a consumer's credit worthiness for ten years.
- 14 7. In an effort to perpetuate the aforementioned bankruptcy myth, creditors intentionally  
15 and routinely ignore credit reporting industry standards for accurately reporting  
16 bankruptcies and debts included in those bankruptcies in an effort to keep consumers'  
17 credit scores low and their interest rates high.
- 18 8. Creditors know that by deviating from recognized credit reporting standards consumers  
19 will have difficulty raising their credit scores and improving their credit worthiness.
- 20 9. These credit reporting issues are most prevalent in Chapter 13 bankruptcy filings.
- 21 10. Consequently, in the United States today it is objectively worse for consumers' credit  
22 worthiness to file Chapter 13 and pay back some or all of their debt, as opposed to  
23 filing Chapter 7 liquidation where Creditors generally receive nothing.
- 24 11. This was not the intent of Congress when enacting the Fair Credit Reporting Act and  
25 the Bankruptcy Abuse Prevention and Consumer Protection Act.

#### 26 **JURISDICTION & VENUE**

- 27 12. Plaintiff re-alleges and incorporates herein by this reference the allegations in each and  
28 every paragraph above, fully set forth herein.
13. This Court has jurisdiction under 28 U.S.C. §§ 1331, 1337, and 1367, and 15 U.S.C. §  
1681

1 14. This venue is proper pursuant to 28 U.S.C. §1391(b).

2 **GENERAL ALLEGATIONS**

3 15. Plaintiff alleges that each and every defendant data furnisher was included in Plaintiff's  
4 Chapter 13 bankruptcy filing.

5 16. Plaintiff alleges that each and every Defendant is familiar with credit reporting industry  
6 standards and subscribes thereto.

7 17. Plaintiff alleges that each and every Defendant understands that deviation from credit  
8 reporting industry standards can and often does result in denial of credit, higher interest  
9 rates, and prompts those making credit decisions to draw a more negative inference  
10 from the reported data than if the Defendant reported in accordance with the recognized  
11 industry standard.

12 18. Plaintiff alleges that all actions alleged herein by Defendants were done knowingly,  
13 intentionally, and in reckless disregard for credit reporting industry standards in an  
14 attempt to purposefully undermine Plaintiff's ability to reorganize and repair Plaintiff's  
15 FICO Score.

16 19. In the alternative Plaintiff alleges that each and every Defendant's actions was the  
17 result of reckless policies and procedures that inevitably led to inaccurate, misleading,  
18 or incomplete credit reporting.

19 **FICO, Inc.**

20 20. FICO is a leading analytics software company with its principal headquarters located in  
21 San Jose California. FICO has over 130 patents related to their analytics and decision  
22 management technology, and regularly uses mathematical algorithms to predict  
23 consumer behavior including credit risk.

24 21. The FICO Score has become the standard measure of consumer credit risk in the United  
25 States and is used in ninety percent of lending decisions.

26 22. A FICO score consists of a three-digit number summarizing a consumer's credit risk or  
27 likelihood to repay a loan. FICO periodically updates its scoring models resulting in  
28 multiple FICO Score versions.

23. Base FICO Scores range from 300 to 850, while industry-specific FICO Scores range from 250-900. A higher FICO Score demonstrates lower credit risk or less likelihood of default.
24. Different lenders use different versions of FICO Scores when evaluating a consumer's credit worthiness.
25. There are 28 FICO Scores that are commonly used by lenders.
26. A consumer's FICO Score is calculated based solely on information in consumer credit reports maintained at credit reporting agencies (CRAs).
27. The three largest CRAs are Experian Information Solutions, Inc.; Equifax, Inc. and Transunion, LLC.
28. FICO does not control what information is provided on a consumer's credit report. Instead, the scoring models or algorithms are based on the premise that information provided by the CRAs is accurate and complies with credit reporting industry standards.
29. There are five key factors that a FICO Score considers: 1) Payment History 2) Amount of Debt 3) Length of Credit History 4) New Credit and 5) Credit Mix.
30. Each of the five factors is weighted differently by FICO.
31. 35% of a consumer's FICO Score relates to payment history, 30% relates to the amount of debt, 15% relates to the length of credit history, 10% relates to new credit, and the last 10% relates to a consumer's credit mix or the different types of debts reported.
32. Payment history refers to whether a consumer has paid their bills in the past, on time, late or missed payments. The more severe, recent, and frequent the late payment information, the greater the impact on a FICO Score. Public record items such as bankruptcy, foreclosure, judgments, and wage garnishments are also considered part of a consumer's payment history.
33. In factoring the severity of delinquent payments a FICO Score considers how late the payment continues to be, how much is owed, how recently this occurred, and how many delinquent accounts exist.
34. Once a delinquent account has been remedied the longer the account stays current the more a consumer's FICO Score should increase.

1 35. FICO Scores are entirely dependent upon information provided by data furnishers  
2 (DFs) to CRAs.

3 36. The FICO scoring formula treats both Chapter 7 and Chapter 13 Bankruptcies similarly  
4 in terms of their impact on one's FICO Score. Specifically, both Chapters have the  
5 same level of severity with respect to their FICO Score and for both, FICO uses the  
6 FILING DATE to determine how long ago the bankruptcy took place.

7 **Metro 2**

8 37. The Consumer Data Industry Association is an international trade association  
9 representing the consumer credit, mortgage reporting, employment and tenant screening  
10 and collection service industries.

11 38. The credit reporting industry has adopted a standard electronic data reporting format  
12 called the Metro 2 format. The Metro 2 format was developed by the CDIA in an effort  
13 to universally report debts in a particular manner that is understood to be the most  
14 accurate way in which to report a debt. Specifically, Metro 2 format was designed to  
15 allow reporting of the most accurate and complete information on consumer's credit  
16 history.

17 39. The CDIA's Metro 2 format is the credit reporting industry standard for accurate credit  
18 reporting.

19 40. The credit reporting industry at large depends upon Metro 2 and the CDIA's  
20 recommendations for reporting debt accurately.

21 41. The CDIA is *The* expert on accurate credit reporting. In support of this allegation  
22 Plaintiff avers the following:

- 23 a. The CDIA offers a FCRA certificate program for all CRAs.
- 24 b. The CDIA offers a FCRA awareness program for all CRAs.
- 25 c. The CDIA offers a FCRA Certificate program for DFs.
- 26 d. The CDIA offers a FCRA awareness program for DFs.
- 27 e. The CDIA offers a Metro 2 Learning system to provide detailed instructions on  
28 the use of Metro 2 format to ensure understanding of the reporting guidelines  
for each field of the Metro 2 Format as well as the relationship between multiple  
fields.

- 1 f. The CDIA hosts workshops developed and authorized by Equifax, Experian,  
2 Innovis, and Transunion.
- 3 g. The CDIA developed a credit reporting resource guide for accurately reporting  
4 credit.
- 5 42. The CDIA's Metro 2 is accepted by all CRAs.
- 6 43. The credit reporting accepted industry standards for reporting metro 2 accurately are  
7 found in the CDIA's credit reporting resource guide (CRRG).
- 8 44. The CRRG outlines the industry standards for most accurately reporting debts using  
9 Metro 2.
- 10 45. The CRRG is not readily available to the public. It can be purchased online for  
11 \$229.45.
- 12 46. Even if a buyer is ready willing and able to pay for the CRRG, the CDIA will NOT  
13 grant access to the guide unless the buyer represents an organization included in the  
14 Metro 2 Access Policy.
- 15 47. When FICO calculates credit scores the algorithms use Metro 2 information based on  
16 industry standards established by the CDIA.
- 17 48. The algorithms used by FICO in determining a consumer's credit score are premised on  
18 the Metro 2 data received comporting with the CDIA's recommendations for accurate  
19 credit reporting.
- 20 49. If the Metro 2 data received by FICO deviates from industry standards an inaccurate or  
21 incorrect FICO Score results. If the resulting FICO Score is lower a consumer will be  
22 considered a higher credit risk resulting in less favorable lending terms.

21 **e-OSCAR**

- 22 50. E-OSCAR is the web based Metro 2 compliant system developed by Experian  
23 Information Solutions, Inc.; Equifax, Inc.; TransUnion, LLC and Innovis that enables  
24 DFs and CRAs to create and respond to consumer credit disputes.
- 25 51. When a consumer sends a dispute letter to a CRA the CRA then sends an automated  
26 credit dispute verification (ACDV) via e-Oscar to the DF.
- 27 52. The ACDV contains within it Metro 2 codes next to certain data fields associated with a  
28 credit file e.g. "Account Type" "07" (07 in Metro 2 refers to a Charge Account).

**Bankruptcy Credit Reporting Industry Standards & Consumer  
Information Indicator**

53. When a consumer files bankruptcy certain credit reporting industry standards exist.
54. Certain Metro 2 data is regularly expected and calculated by FICO when determining a consumer's credit worthiness.
55. The Consumer Information Indicator (CII) is a critical field in the Metro 2 Format that indicates a special condition that applies to a specific consumer.
56. Under Metro 2 the CII must be reported only on the consumer to whom the information applies.
57. It is the credit reporting industry standard to report a very specific CII upon the filing of a consumer bankruptcy.
58. In the consumer bankruptcy context CII Metro 2 Code "A" denotes that a petition for Chapter 7 has been filed, is active, but no discharge has been entered.
59. CII Metro 2 Code "D" indicates that a Chapter 13 petition has been filed, is active, but no discharge entered. This is usually translated on a consumer credit report as "Wage Earner Plan" or "WEP" in the "Account Status" portion of a trade line. Such reporting alerts any potential lender that the account is no longer in a collectable status but is being handled by a Chapter 13 trustee.
60. The CII Metro 2 Code "Z" indicates that a bankruptcy petition has been filed but the chapter is undesignated/unknown.
61. The CII Metro 2 Code "E" denotes that a Chapter 7 bankruptcy has been discharged.
62. The CII Metro 2 Code "H" denotes that a Chapter 13 bankruptcy has been discharged.
63. The CII field is a critical field for consumers and directly relates to and impacts a consumer's credit worthiness.
64. The lack of a CII reported makes it appear that a consumer has not addressed outstanding debt obligations through the bankruptcy process.
65. The lack of a CII reported also suggests that creditors are free to collect against a consumer as an individual or that no stay exists to prevent *in personam* collection activity.
66. Failure to report the correct CII indicator will prompt those making credit decisions to draw a more negative inference regarding a consumer's credit worthiness.

1 67. Under the Fair Credit Reporting Act a bankruptcy can be reported for ten years.

2 68. The ten-year rule for reporting runs from the date the bankruptcy was *filed*.

3 69. A consumer's FICO Score is directly related to the date on which a petition is filed and  
4 acknowledged.

5 70. The more time that has passed since the filing of the bankruptcy, the less negative  
6 impact the bankruptcy will have on a consumer's FICO Score.

7 71. Failure to reference the bankruptcy filing (CII field) and or the correct petition date  
8 shall result in a lower FICO Score resulting in those making credit decisions to draw a  
9 more negative inference regarding a consumer's credit worthiness.

10 **Pre Confirmation Credit Reporting Standards Regarding Balances and**  
11 **Ongoing Payments When All Borrowers File Chapter 13**

12 72. Certain credit reporting standards exist on how to accurately and completely report  
13 balances on consumer debts pre plan confirmation.

14 73. Pre confirmation the accepted credit reporting standard for accurately and completely  
15 reporting a balance included in a Debtor's chapter 13 plan is to report the outstanding  
16 balance amount as of the date of filing.

17 74. Pre confirmation the accepted credit reporting standard for accurately and completely  
18 reporting a scheduled monthly payment amount is to report the contractual monthly  
19 payment amount.

20 75. Pre confirmation the accepted credit reporting standard for accurately and completely  
21 reporting a past due balance is to report the past due amount as of the time the petition  
22 was filed.

23 76. Pre confirmation the accepted credit reporting standard for accurately and completely  
24 reporting ongoing payments is to report the Metro 2 indicator D in Field 18 which  
25 means no payment history available this month.

26 77. Within the credit reporting industry, the Metro 2 indicator D is seen as accurately and  
27 completely illustrating that the automatic stay of the bankruptcy is preventing ongoing  
28 collection activities against the debtor and creditors are not anticipating receiving  
payments directly from the debtor. The Metro 2 indicator D thus simultaneously  
illustrates to those making credit decisions that payments were NOT made and received  
but also NOT anticipated.

1 78. Deviation from the aforementioned credit reporting industry standards shall result in a  
2 more negative inference being drawn with respect to a consumer's credit worthiness.

3 **Post Confirmation Credit Reporting Standards Regarding Balances and**  
4 **Ongoing Payments When All Borrowers File Chapter 13**

5 79. Certain credit reporting standards exist on how to accurately and completely report  
6 balances and past due balances post plan confirmation.

7 80. Post confirmation the accepted accurate credit reporting standard for reporting balances  
8 is to report the balance owed under the Chapter 13 plan terms. The balance should  
9 decrease with payments made.

10 81. If the plan does not call for payments to be made on a particular debt the accurate credit  
11 reporting standard is to report a \$0.00 balance.

12 82. Post confirmation the accepted accurate credit reporting standard for reporting past due  
13 balances is to report a \$0.00 past due balance.

14 83. Post confirmation the accepted accurate credit reporting standard for monthly payments  
15 is the Chapter 13 plan payment amount.

16 84. Post confirmation the accepted accurate credit reporting standard for payment history is  
17 to report the Metro 2 indicator D each month. Reporting ongoing past due amounts and  
18 ongoing late payments are not generally accepted as accurate by the credit reporting  
19 industry.

20 85. Plaintiff alleges that the aforementioned industry standards are all readily available in  
21 the CRRG which each and every Defendant subscribes thereto.

22 86. The CDIA and credit reporting industry recognize that allowing Creditors to  
23 continuously report on going delinquencies and past due balances post confirmation  
24 would objectively make filing Chapter 13 and repaying Creditors exponentially worse  
25 for a consumer's credit worthiness as opposed to filing Chapter 7. Thus, deviation  
26 from the aforementioned credit reporting industry standards shall result in a more  
27 negative inference being drawn with respect to a consumer's credit worthiness.

28 **Plaintiffs Bankruptcy Filing**

87. Prior to filing Chapter 13, Plaintiff pulled a credit report on May 19, 2011 to ensure all  
outstanding debt was properly listed and scheduled in Plaintiff's petition.

88. The credit report was pulled from a third party vendor CIN Legal Data Services.

1 89. Plaintiff alleges that all the information contained within the May 19, 2011 CIN report  
2 was compiled by information gathered by CIN directly from the three major CRAs-  
3 Experian Information Solutions, Inc.; Equifax, Inc. and Trans Union, LLC.

4 90. The CIN report contained within it Plaintiff's estimated credit score of 538 based on the  
5 information provided by the CRAs.

6 91. The CIN report also estimated Plaintiff's 12-month post-bankruptcy credit score at 652.

7 92. Plaintiff alleges such scores were based on anticipated accurate credit reporting  
8 industry standards.

9 93. Plaintiff filed for Chapter 13 bankruptcy protection on June 30, 2011 in order to  
10 reorganize and repair Plaintiff's credit worthiness and FICO Score.

11 94. Chapter 13 of the Bankruptcy Code is titled "Adjustment of Debts of an Individual with  
12 Regular Income."

13 95. Chapter 13 allows financially overextended individual debtors to make greater  
14 voluntary use of repayment plans commensurate with each debtor's abilities, as the  
15 most effective means of improving, first, debtor relief, and second creditor recoveries.

16 96. Whether a debtor uses Chapter 7, Liquidation, or Chapter 13, Adjustments of Debts of  
17 an individual, congress intended bankruptcy relief be effective and should provide the  
18 Debtor with a fresh start.

19 97. Post filing, Defendants would not accept payments directly from Plaintiff.

20 98. Post filing, Defendants were not anticipating receiving payments directly from Plaintiff.

21 99. Under the terms of the confirmed Chapter 13 plan, unsecured Creditors are allowed a  
22 100% disbursement of their filed claims over the course of Plaintiff's plan.

23 100. Plaintiff's plan was confirmed on September 9, 2011.

24 101. Once confirmed the plan became a final judgment with respect to the party's rights and  
25 liabilities.

26 102. The res judicata effect of confirmation may be eliminated only if confirmation is  
27 revoked or if the case is dismissed.

28 103. Confirmation of a plan prohibits actions by creditors inconsistent with the plan.

104. While confirmation of a plan is not a discharge it does fix the terms upon which claims  
are to be settled and both a confirmation order and discharge order are final orders.

1 105. The CDIA recognizes the finality of confirmation orders and the aforementioned credit  
2 reporting industry guidelines are specifically setup to harmonize the bankruptcy code  
3 and credit reporting guidelines.

4 106. Federal Rules of Bankruptcy Procedure (“FRBP”) 3004 and 3021 mandate that  
5 distributions to creditors are on allowed claims only.

6 107. A proof of claim must be filed in order for a claim to be allowed. 11 U.S.C §502(a).

7 108. Thus failure to file a proof of claim results in zero distributions to a creditor through the  
8 plan.

9 109. In the case of an unsecured non priority claim failure to file a proof of claim sets the  
10 terms of repayment at \$0.00 owed.

11 110. Item 1 of the official Proof of Claim form promulgated by the Supreme Court does not  
12 acknowledge past due amounts on unsecured debts. The same proof of claim form,  
13 however, specifically asks for and requires a secured creditor to list the arrearage/past  
14 due amounts on a secured claim in item 4.

15 111. On May 4, 2016 Plaintiff ordered a three bureau report from Experian Information  
16 Solutions, Inc. to ensure proper reporting by Plaintiff’s Creditors.

17 112. Plaintiff noticed 1 trade line on the May 4, 2016 credit report reporting inaccurate,  
18 misleading, or incomplete information that did not comport with credit reporting  
19 industry standards. Specifically, one trade line randomly reported Plaintiff’s delinquent  
20 in January of 2015.

21 113. In response, Plaintiff disputed the inaccurate tradelines via certified mail with Experian  
22 Information Solutions, Inc.; Equifax, Inc.; and TransUnion, LLC on October 5, 2016.

23 114. Plaintiff’s dispute letter specifically put Creditor on notice that there should not be any  
24 late payments reported after Plaintiff’s case was filed and to ensure that the proper  
25 monthly payment was being reported. Last, Plaintiff noted that under *Gorman v.*  
26 *Wolpoff & Abramson*, Plaintiff expected the accounts to be reported disputed if the  
27 Creditor disagreed with Plaintiff’s dispute.

28 115. Plaintiff is informed and believes that each CRA received Plaintiff’s dispute letter and  
in response sent Plaintiff’s dispute to each DF via an ACDV through e-OSCAR.

116. Plaintiff’s bankruptcy was discharged on December 9, 2015.

- 1 117. On November 7, 2016 Plaintiff ordered a second credit report from Experian  
2 Information Solutions, Inc.; Equifax, Inc. and TransUnion, LLC to ensure Plaintiff's  
3 accounts had been updated.
- 4 118. It was now over five years since Plaintiff filed for bankruptcy and Plaintiff's Experian  
5 and TransUnion credit score were still below what accurate credit reporting industry  
6 standards would project.
- 7 119. Defendant Bank of America, National Association was reporting Plaintiff's account,  
8 beginning in 4313xxxx, with failure to pay listed in the 24 month payment history,  
9 despite the Court Ordered treatment of its claim under the terms of Plaintiff's Chapter  
10 13 plan of reorganization.
- 11 120. Per the terms of plan, unsecured creditors were to be paid 100% of their claims.
- 12 121. Plaintiff's bankruptcy was discharged on December 9, 2015.
- 13 122. Defendant filed a proof of claim (claim #3) showing a balance of \$489.25
- 14 123. Per the terms of the plan Defendant was entitled to receive 100% of its filed claim paid  
15 over 60 months. Plaintiff's plan did not carve out a specific dividend to be paid to  
16 Defendant each month. Instead Plaintiff was simply required to pay Defendant's claim  
17 in full over 60 months.
- 18 124. From January 2012 through December 2014 Defendant consistently reported on time  
19 payments made by Plaintiff.
- 20 125. The Trustee's accounting for that same time period reflected consistent payments made  
21 by the Trustee on Defendant's claim.
- 22 126. Then in January 2015 Defendant unilaterally reported a failure to pay.
- 23 127. The Trustee did in fact, however, pay Defendant in January of 2015.
- 24 128. The Trustee's payment made in January of 2015 did not differ in any substantial  
25 amount compared to other payments made to Defendant during the Chapter 13 plan.
- 26 129. The next month in February of 2015 up until Plaintiff received a discharge Defendant  
27 once again began to report the account current.
- 28 130. Despite this, Defendant has since refused to remove the failure to pay it randomly and  
unilaterally reported in January of 2015.

1 131. The actions of the Defendant as alleged herein are acts in violation of the Fair Credit  
2 Reporting Act, 15 U.S.C. § 1681s-2(b).

3 132. The actions of the Defendants as alleged herein are acts in violation of the Consumer  
4 Credit Reporting Agencies Act California Civil Code § 1785.25(a).

5 **FIRST CAUSE OF ACTION**

6 (Violation of Fair Credit Reporting Act 15 U.S.C. § 1681s-2(b))  
7 Against Defendants and Does 1-100)

8 **Bank of America, National Association –Failure to Reinvestigate.**

9 133. Plaintiff realleges and incorporates herein the allegation in each and every paragraph  
10 above as though fully set forth herein.

11 134. 15 USC 1681s-2(b) and 15 USC 1681i-(a)1 prohibits furnishers from providing any  
12 information relating to a consumer to any consumer reporting agency if the person knows  
13 or has reasonable cause to believe that the information is inaccurate or misleading and  
14 requires a furnisher to update and or correct inaccurate information after being notified  
15 by a consumer reporting agency of a dispute by a consumer.

16 135. Defendant Bank of America, National Association violated section 1681s-2(b) by failing  
17 to conduct a reasonable investigation and re-reporting misleading and inaccurate account  
18 information.

19 136. The CRAs provided notice to the Defendants that Plaintiff was disputing the inaccurate  
20 and misleading information but Bank of America, National Association failed to conduct  
21 a reasonable investigation of the information as required by the FCRA.

22 137. Based on Plaintiff's dispute, Defendants should have known their accounts were included  
23 in Plaintiff's Chapter 13 plan of reorganization. The most basic investigation would  
24 include a simple review of well-established credit reporting industry standards.

25 138. Plaintiff alleges Defendants did not review well established industry standards for credit  
26 reporting.

27 139. If Defendants had reviewed such standards Defendants would have seen their reporting  
28 was not in compliance and consequently inaccurate and or incomplete.

140. Such an investigation would be unreasonable.

1 141. Plaintiff also alleges that Defendants did not investigate whether Plaintiff filed for  
2 bankruptcy, whether their accounts were included, the terms of the plan, or whether or  
3 not the terms had been approved.

4 142. The lack of investigation is unreasonable.

5 **Equifax, Inc. – Failure to Reinvestigate Disputed Information.**

6 143. Plaintiff realleges and incorporates herein the allegation in each and every paragraph  
7 above as though fully set forth herein.

8 144. After Plaintiff disputed the accounts mentioned above, each CRA was required to  
9 conduct a reasonable investigation and to delete any information that was not accurate  
10 under 15 USC 1681i-(a)1.

11 145. The most basic investigation required each CRA to send all relevant information via  
12 an ACDV to the furnishers which they did not do.

13 146. Thus the CRAs failed to conduct a reasonable investigation and failed to correct the  
14 misleading and or inaccurate statements on the account within the statutory time  
15 frame or at all.

16 147. In the alternative Plaintiff alleges that each CRA has its own independent duty to  
17 conduct a reasonable investigation 15 USC 1681i-(a)1.

18 148. Each CRA is not a passive entity bound to report whatever information a DF  
19 provides.

20 149. Plaintiff alleges that each CRA is readily familiar with Metro 2 guidelines and credit  
21 reporting industry standards.

22 150. **In fact, each CRA sponsors and authorizes workshops hosted by the CDIA that**  
23 **teach the following to DFs:**

- 24 a. Do not report delinquencies post petition pre discharge in the payment history  
25 section regardless of Chapter 7 or Chapter 13. Instead report the Metro 2  
26 indicator D.
- 27 b. In Chapter 13 cases do not report past due balances post confirmation.
- 28 c. In Chapter 13 cases do not report balances that are inconsistent with the terms  
of the Chapter 13 plan.

- 1 d. In Chapter 13 cases do not report monthly payments that are inconsistent with  
2 the terms of the Chapter 13 plan.
- 3 e. The above reporting is the correct and accurate way to report debts included in  
4 consumer bankruptcy filings.
- 5 151. Given the aforementioned, Plaintiff alleges that each CRA can and does suppress  
6 inaccurate information from being reported when DFs provide inaccurate  
7 information.
- 8 152. Each CRA can and does instruct DFs on how to properly report certain accounts from  
9 time to time upon request from the DF.
- 10 153. Each CRA failed to conduct a reasonable investigation because any basic  
11 investigation would have uncovered that certain DFs were not following credit  
12 reporting industry standards.
- 13 154. Each CRA would have known that Plaintiff filed for Chapter 13 based on multiple  
14 other accounts reporting as much.
- 15 155. Each CRA would have known that Plaintiff's plan had been confirmed based on  
16 multiple other accounts reporting as much.
- 17 156. Each CRA would have known that failure to report a CII given that a Chapter 13 was  
18 filed did not comport with industry standards.
- 19 157. Each CRA would have known reporting a past due balance post confirmation does  
20 not comport with industry standards.
- 21 158. Each CRA therefore did not do the most basic investigation regarding credit reporting  
22 industry standards otherwise the aforementioned would have been uncovered.

23 **SECOND CAUSE OF ACTION**

24 (Violation of California Consumer Credit Reporting Agencies Act  
25 California Civil Code § 1785.25(a) Against Defendants and Does 1-100)

26 **Bank of America, National Association – Reporting Inaccurate Information to  
27 CRAs.**

- 28 159. Plaintiff realleges and incorporates herein the allegation in each and every paragraph  
above as though fully set forth herein.

- 1 160. In the regular course of its business operations, Defendants routinely furnish  
2 information to credit reporting agencies pertaining to transactions between Defendants  
3 and Defendant's consumers, so as to provide information to a consumer's credit  
4 worthiness, credit standing and credit capacity.
- 5 161. Defendants intentionally and knowingly reported misleading and inaccurate account  
6 information to the CRAs that did not comport with well-established industry standards.
- 7 162. Plaintiff alleges that Defendants re-reported the information contained herein in  
8 violation of California Civil Code § 1785.25(a).
- 9 163. Plaintiff also alleges that Defendants had reason to know that the information reported  
10 on Plaintiff's accounts were misleading, inaccurate, incomplete, and did not comport  
11 with well-established credit reporting industry standards.
- 12 164. Plaintiff alleges that Defendants had reason to know that by not comporting with well-  
13 established industry standards lenders will draw a more negative inference with respect  
14 to Plaintiff's credit worthiness.
- 15 165. Plaintiff alleges that the bankruptcy notices, disputes letters from all three credit  
16 reporting agencies, the consumer data industry resource guide, and results of its  
17 investigation should have provided notice to Defendants of its misleading and  
18 inaccurate reporting as well as being noticed of the plan confirmation and proof of  
19 claim forms sent by the U.S. Bankruptcy Court.
- 20 166. Defendant failed to notify Equifax, Inc. that the information Defendant re-reported was  
21 inaccurate before the end of 30 business days, in violation of California Civil Code §  
22 1785.25(a).
- 23 167. Defendants' communications of false information, and repeated failures to investigate,  
24 and correct their inaccurate information and erroneous reporting were done knowingly,  
25 intentionally, and in reckless disregard for their duties and Plaintiff's rights.
- 26 168. As a direct and proximate result of Defendants' willful and untrue communications,  
27 Plaintiff has suffered actual damages including but not limited to inability to properly  
28 reorganize under Chapter 13, reviewing credit reports from all three consumer reporting  
agencies, time reviewing reports with counsel, sending demand letters, diminished  
credit score, and such further expenses in an amount to be determined at trial.

Wherefore, Plaintiff prays for judgment as hereinafter set forth.

**PRAYER FOR RELIEF**

WHEREFORE, Plaintiff prays for judgment as follows:

1. For preliminary and permanent injunctive relief to stop Defendants from engaging in the conduct described above;
2. Award statutory and actual damages pursuant to 15 U.S.C. § 1681n and California Civil Code § 1785.31;
3. Award punitive damages in order to deter further unlawful conduct pursuant to 15 U.S.C. § 1681n; and California Civil Code § 1785.31
4. Award attorney's fees and costs of suit incurred herein pursuant to 15 U.S.C. § 1681n & o; California Civil Code § 1785.31;
5. For determination by the Court that Creditor's policies and practices are unlawful and in willful violation of 15 U.S.C. § 1681n, et seq.; and
6. For determination by the Court that Creditor's policies and practices are unlawful and in negligent violation of 15 U.S.C. § 1681o;
